PROFESSIONAL SUMMARY

Computer Science undergraduate with hands-on experience building and deploying full-stack web and mobile applications with AI-based features. Proficient in RESTful architecture and modern development tools. National hackathon winner with strong project-based experience.

TECHNICAL SKILLS

Languages: Java, JavaScript (ES6+), Python, SQL
Frontend: React.js, HTML5, CSS3, Responsive Design
Mobile: React Native, Flutter
Backend: Node.js, Python (REST APIs), Google Apps Script
Database: MySQL, MongoDB
DevOps: Vercel, Netlify, Render, GitHub Actions
AI & Tools: Claude API, NLP Integration, n8n, AWS (Generative AI Foundations)

PROJECTS

HireSense – AI-Powered Mock Interview Platform React Native · Node.js · Claude AI · NLP hiresense-ai-phi.vercel.app

- Built an end-to-end mock interview platform that dynamically generates personalised question sets based on candidate response patterns using NLP; evaluation engine delivers structured, actionable feedback.
-

Event Registration System – CSE UTSAV 2K26 HTML5 · CSS3 · JavaScript · Google Apps Script · Sheets API
utsav2k26.netlify.app

- Engineered a serverless registration portal managing 150+ participants across 10 events with zero data loss, 99.9% uptime, and multi-layer form validation reducing erroneous submissions by ~80%.

Smart Attendance Management System React.js · Python · MySQL · REST API minipro-vatx.onrender.com

- Delivered an automated attendance system eliminating manual roll-call for academic departments, achieving ~90% reduction in administrative workload through real-time dashboards and one-click exportable reports.

Personal Portfolio Website React.js · CSS3 · Custom Domain sriram.website

- Designed and deployed a fully responsive, performance-optimised portfolio on a custom domain consolidating project showcases, GitHub activity, and LinkedIn for maximum recruiter visibility.

CERTIFICATIONS (20+)

AWS: Generative AI Foundations
HackerRank: JavaScript · Python · Java · SQL (Advanced, Intermediate)
MongoDB (8): AI Agents, RAG, Vector Search, Advanced Schema Design, Query Optimization, Document Migration, Database Security, CRUD & Data Transformation

ACHIEVEMENTS & RECOGNITION

- **Winner – 24-Hour National Hackathon, Rathinam College of Engineering:** Secured ₹15,000 prize, outperforming 30+ teams by delivering a production-ready application within the given timeframe.
- **Hackathon Achiever – CSE UTSAV 2026:** Recognised for technical innovation and rapid prototyping; appreciated by faculty and industry judges.
- **Distinguished Technical Recognition:** Commended by the Head of Department and Vice President, SISA Information Security Pvt. Ltd., for technical excellence and professional conduct.

EDUCATION

B.E. Computer Science & Engineering – PSNA College of Engineering and Technology, Dindigul | **2027**

Higher Secondary (CBSE) – KRS Higher Secondary School, Madurai | **Completed 2023**
